

INDIANA COUNTY WORKFORCE FORUM 2008

Creating the Future

*Preparing Indiana County for a 21st Century Economy:
Wealth Creation Through Industry Consortia and Other Initiatives*

Join futurist Ed Barlow as he takes us on a journey through the uncharted territory of the 21st century. Explore with him the structural changes that are occurring (globalization, the economy, science and technology, population demographics, and workforce). Consider the implications of these changes for Indiana County and current Industry Consortia. Learn ways to better anticipate and prepare for that which is ahead. Brainstorm with community leaders on “strategic directions” to align with the future. You don’t want to miss this most insightful, thought-provoking and entertaining session.
